Written between 1887 and 1890, Gabriel Faure ' s setting of the requiem is a departure from traditional structure. Faure said the following of his work: "It has been said that my Requiem does not express the fear of death and

someone has called it a lullaby of death. But it is thus that I see death: as a happy deliverance, an aspiration towards happiness above, rather than as a painful experience." This score represents the choral portion of the Requiem, each voice on a separate staff, including solos, with both Latin and English text. This book has an orchestra reduction for either piano or organ accompaniment by Malcolm Binney. Includes: * Introit et Kyrie * Offertoire * Sanctus * Pie Jesu * Agnus Dei * Libera Me * In Paradisum

"I See Fire," written and performed by Ed Sheeran, is the first commercially released selection from the original motion picture soundtrack of *The Hobbit: The Desolation of Smaug*. This officially licensed Easy Piano sheet conjures the fear of a mighty foe, and the strength in knowing you face the danger with your comrades.

You know Michael W. Smith as one of contemporary Christian music's most popular artists. *Friends Are Friends Forever* looks beyond the musician to present a man who relies on scripture to provide daily guidance. He says, 'I'd like to tell you a few stories from my life, some wrong roads I've traveled, some right decisions I've made, and how God has often taken my mistakes and turned them into something good.'

The Meaning of Dwelling Features. Conceptual and Methodological Issues relates the research areas of housing preferences and the meaning of a dwelling with each other and with aspects of the means-end approach as applied in marketing research. It results in a conceptual and methodological framework for studying the meaning of preferences for dwelling features. These features are viewed as functional for achieving the goals and values that people pursue. The meaning of dwelling features lies in these functional relationships. The model presented in this study therefore relates preferences for the features of a dwelling to the meaning they have for people. These relationships are called meaning structures. Meaning

structures are measured by a semi-structured interviewing technique, which is an adapted version of the laddering technique for measuring means-end chains, and network methods are used for the representation and analysis of these meaning structures.

(Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part as well as in the vocal line.
