British English Vs American English: 100+ Differences ...

What is a dialect? A dialect is a variety of English that differs from other dialects or varieties in three specific ways: lexis (vocabulary), grammar (structure); phonology (pronunciation or accent). English dialects may be different from each other, but all speakers within the English-speaking world can still generally understand them. For example, a slogan on a t shirt reads: Black Country spoken, English understood.
