If you've been wanting an interesting, clearly written, how-to-manual for identifying and fighting UN Agenda 21, here it is. Agenda 21--All the information you need to understand what is happening in your town, why it's happening, who is behind it, and what you can do to stop it. BEHIND THE GREEN MASK: U.N. Agenda 21 is 172 pages of truth. Part history, part current events, part hand-to-hand combat, and part blueprint for keeping your freedom, this is one book that you'll put to work immediately. Boots on the ground and all hands on deck is the order of the day. Awareness is the first step in the Resistance.

The United States has surrendered to a foreign power! Impossible! But true! Agenda 21 is a United Nations program, inaugurated in 1992 and signed by our delegates. It became our law through executive order 12858 issued by Bill Clinton. The Obama administration is working feverishly to carry out this program through more than 900 executive orders designed by the fifty plus czars. Most people have never heard of Agenda 21. This administration is quietly at work turning us into a socialist state. To save our freedoms we must know what is being foisted on us even as you read this.

The values we hold dear, like life, liberty, and the pursuit of happiness form the foundation of who we are as a people and a nation. Our traditions and laws are based on these values and were originally designed to preserve human dignity. In my opinion, human dignity is as vital to life as the air we breathe and the water we drink. Without it, life perishes. As you will discover in this book, Agenda 21 believes you are a nuisance. Your very existence represents a stumbling block to a master plan that equates human life to a colony of ants, where the rights of the individual and human dignity are defined by servitude, not freedom, and where personal ambition must be expended for the greater good.

U.N. Agenda 21 has been in the works for decades, spearheaded by environmentalists, foreign individuals, third world countries, and non-profit organizations around the world. In the name of protecting the environment, socialist global governance has been quietly implemented at all levels of government via government grants, public-private partnerships, and EPA regulations involving use of land and water, affecting every facet of our lives. Mandating population re-distribution in the name of biodiversity, re-educating our youth into sustainable everything, green jobs, green buildings, green cars, green energy, urban sprawl control, government bureaucrats from the United Nations and our own elected representatives are going to rezone us, resettle us, reduce our numbers, and tax us into the sustainable community described in the Wildlands Project Map. Forcing us out of cars, into bike paths, light rail, walkways, greenbelts, ever more conservation areas forbidden to humans, urban boundary zones, and high-density areas, U.N. Agenda 21's 40 chapters will limit the behavior of individuals,

organizations, and companies, covering everything we do in life. U.N. Agenda 21 and has been implemented administratively with help from ICLEI and little Congressional debate or involvement. Some of the provisions of U.N. Agenda 21 have been included in other laws passed. Presidential executive orders are forcing its implementation at the national level. Our sovereignty is at stake. We must stop U.N. Agenda 21 before it is too late. Every chapter of it violates our Constitution.

Called "powerful and provocative" by Dr. Ibram X. Kendi, author of the New York Times bestselling *How to be an Antiracist*, this explosive book of history and cultural criticism reveals how white feminism has been used as a weapon of white supremacy and patriarchy deployed against Black and Indigenous women, and women of color. Taking us from the slave era, when white women fought in court to keep "ownership" of their slaves, through the centuries of colonialism, when they offered a soft face for brutal tactics, to the modern workplace, *White Tears/Brown Scars* tells a charged story of white women's active participation in campaigns of oppression. It offers a long overdue validation of the experiences of women of color. Discussing subjects as varied as *The Hunger Games*, Alexandria Ocasio-Cortez, the viral BBQ Becky video, and 19th century lynchings of Mexicans in the American Southwest, Ruby Hamad undertakes a new investigation of gender and race. She shows how the division between innocent white women and racialized, sexualized women of color was created, and why this division is crucial to confront. Along the way, there are revelatory responses to questions like: Why are white men not troubled by sexual assault on women? (See Christine Blasey Ford.) With rigor and precision, Hamad builds a powerful argument about the legacy of white superiority that we are socialized within, a reality that we must apprehend in order to fight. "A stunning and thorough look at White womanhood that should be required reading for anyone who claims to be an intersectional feminist. Hamad's controlled urgency makes the book an illuminating and poignant read. Hamad is a purveyor of such bold thinking, the only question is, are we ready to listen?" —Rosa Boshier, *The Washington Post*

Agenda 21 is a non-binding, voluntarily implemented action plan of the United Nations with regard to sustainable development. It is a product of the UN Conference on Environment and Development (UNCED) held in Rio de Janeiro, Brazil, in 1992. Its purpose is an action agenda for the UN, other multilateral organizations, and individual governments around the world that can be executed at local, national, and global levels. The "21" in Agenda 21 refers to the 21st century.
