Krakauer's page-turning bestseller explores a famed missing person

mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons.

of human yearning."

□New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented

a new life for himself.

Four months later, his decomposed body was found by a moose

hunter. How

Christopher Johnson

McCandless came to die

is the unforgettable

story of Into the Wild.

Immediately after

graduating from college

in 1991, McCandless

had roamed through the

West and Southwest on

a vision quest like those made by his heroes Jack London and John Muir.

In the Mojave Desert he abandoned his car,

stripped it of its license plates, and burned all of

his cash. He would give himself a new name,

Alexander Supertramp,

and, unencumbered by money and belongings,

he would be free to

wallow in the raw,

unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life.

Chapter 16

Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to

have had a death wish
but wanting to die is a
very different thing
from being compelled to
look over the edge.

Krakauer brings
McCandless's

pilgrimage out of the
shadows, and the peril,
adversity, and
renunciation sought by
this enigmatic young
man are illuminated

with a rare understanding--and not an ounce of sentimentality.

Mesmerizing, heartbreaking, Into the Wild is a tour de force.

This book builds an overarching view of the essential elements, themes, and teachings of the worlds oldest surviving faith tradition Hinduism. Each theme is divided in easy to follow lessons. Highly philosophic content of Vedic chants is made simple enough for students as young as 5.

For in-depth study, several appendices guide students into scholarly understanding of complex philosophic ideas such as the nature of reality, the nature of the mind, and the cosmic laws enshrined in the Vedic and post-Vedic texts. As a teacher with 20+ years of experience, the author presents ancient

wisdom in simple language. Many books have been written about Hinduism, many of them incomplete and confusing. This book will appeal to those seeking an easy to read, logical approach to both understanding and teaching Hinduism. The book will be useful to parents, grandparents, teachers and students
