This exciting, fascinating history of Ireland cobbles together the legends and archaeological evidence to trace the festivals, historic places, major players, and key events that helped shape the Irish identity from 9000 B.C. to 1167 A.D. Reprint.

In the winter of 1951, a storyteller, the last practitioner of an honored, centuries-old tradition, arrives at the home of nine-year-old Ronan O'Mara in the Irish countryside. For three wonderful evenings, the old gentleman enthralls his assembled local audience with narratives of foolish kings, fabled saints, and Ireland's enduring accomplishments before moving on. But these nights change young Ronan forever, setting him on a years-long pursuit of the elusive, itinerant storyteller and the glorious tales that are no less than the saga of his tenacious and extraordinary isle.

King, warrior, and lover Brian Boru was stronger, braver, and wiser than all other men-the greatest king Ireland has ever known. Out of the mists of the country's most violent age, he merged to lead his people to the peak of their golden era. His women were as remarkable as his adventures: Fiona, the druidess with mystical powers; Deirdre, beautiful victim of a Norse invader's brutal lust; Gormlaith, six-foot, red-haired goddess of sensuality. Set against the barbaric splendors of the tenth century, *Lion of Ireland* is a story rich in truth and legend-in which friends become deadly enemies, bedrooms turn into battlefields, and dreams of glory are finally fulfilled. Morgan Llywelyn has written one of the greatest novels of Irish history. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

"Writing Ireland is a provocative and wide-ranging examination of culture, literature and identity in nine-teenth- and twentieth-century Ireland. Moving beyond the reductionist reading of the historical moment as a backdrop to cultural production, the authors deploy contemporary theories of discourse and the constitution of the colonial subject to illuminate key texts in the cultural struggle between the colonizer and the colonized. The book opens with a consideration of the originary moment of the colonial relationship of England and Ireland through re-reading of works by Shakespeare and Spenser. Cairns and Richards move then to the constitution of the modern discourse of Celticism in the nineteenth century. A fundamental re-reading of the period of the Literary Revival through the works of Yeats, Synge, Joyce and O'Casey locates them in a social moment illuminated by detailed considerations of poems, playwrights and polemicists such as D. P. Moran, Arthur Griffith, Patrick Pearse and Thomas MacDonagh. *Writing Ireland* examines the psychic, sexual and social costs of the

decolonisation struggle in the society and culture of the Irish Free State and its successor. Beckett, Kavanagh and O'Faolain registered the enervation and paralysis consequent upon sustaining a repressive view of Irish identity. The book concludes in the contemporary moment, as Ireland's post-colonial culture enters crisis and writers like Seamus Heaney, Brian Friel, Tom Murphy and Seamus Deane grapple with the notion of alternative identities. Writing Ireland provides students of literature, history, cultural studies and Irish studies with a lucid analysis of Ireland's colonial and post-colonial situation on which an innovative methodology transcends disciplinary divisions."--
