The Secrets of Macro-Photography. R. SoldatiHow to Capture Amazing Macro Photos at Home - Hands-on with Don Komarechka Come Impostare La macchina Fotografica in Manuale Manuale Fotografia Macro

Macro photography is close-up photography of small subjects, including things like bugs and flowers. You can take macro pictures in a studio or outdoor environment so long as you are magnifying your subject sufficiently. Officially, you may hear that macro photography only happens when you take pictures of small subjects with a magnification of “ life size ” or greater. I will cover more ...
