Public administration ensures the development and delivery of the essential public services required for sustaining modern civilization. Covering areas from public safety and social welfare to transportation and education, the services provided through the public sector are inextricably part of our daily lives. However, mandatory budgetary cuts in recent years have caused public administrators to radically re-think how they govern in the modern age. In this Very Short Introduction Stella Theodoulou and Ravi Roy offer practical insight into the major challenges confronting the public sector in the globalized era. Tackling some of the most hotly debated issues of our time, including the privatization of public services and government surveillance, they take the reader on a

global journey through history to examine the origins, development, and continued evolution of public administration. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Covers the period from 1790 to 1905 in The Times of London.

Most of the lead cases are post-1980 with many 1990s decisions. There are significant new decisions in the "finders' personal property" area. The cases throughout deal with time-honored concepts in a decidedly modern context. Includes the nature and division of ownership, right of reasonable use, and nuisance. Covers rights above and below the surface, and water rights. Looks at the transfer of ownership and conveyance, and land use regulations.
