Change Management: As a Systematic  
Process Change management is the formal  
process for organizational change,  
including a systematic approach and  
application of knowledge. Change  
management means defining and adopting  
corporate strategies, structures,  
procedures, and technologies to deal with  
change stemming from internal and  
external conditions. -Society for Human  
Resources Management, 2007 Change  
Management Survey Report
