Making music is all about patterns. 24 Keys is designed to help you learn the unique fingering pattern that makes up each key quickly and easily through learning scales and arpeggios, and through practice exercises. It provides a unique visual guide to learning the position of the fingers in each key, so that you can make each second of practice count. We never sacrifice traditional notation. Each Scale and Arpeggio page in the book includes the traditional notation for each scale and arpeggio on the left, with our unique 'Grid' complementing it on the right. The correct fingering to use is shown in both traditional notation, and on 'The Grid'. Bowing is indicated as usual in traditional notation. Our specially written Exercises concentrate on cementing intonation, and are a fun way to solidify Scales and Arpeggios. Some of our Exercises are traditional 'Solo' exercises, some are written as duets for student and teacher, or student and student.

Strictly Strings Book 3 is an all-in-one technical and musical reference book for the advanced middle school and high school orchestra. It may be used as a follow-up to Book 2 or independently as a quick-reference technique and musicianship manual. Strictly Strings Book 3 features a host of suggested fingerings and bowings, emphasizes "real" music with over forty 2- and 3-part excerpts, and allows students to work on their own.

How good of a musician you become is predicated on how much practice you do and the quality of that practice. In all likelihood, you don't have access to a harmonica teacher (a rare breed), so it's up to you to identify what will help you grow as a player and how to best spend your valuable practice time. In *Daily Exercises for Diatonic Harmonica*, author David Barrett (the world's most published author of harmonica lesson material) provides recommendations on how to set up your practice room, structure your practice time, what to work on to improve your playing, and how to prepare you for performance. The *Daily Exercises* portion of this book provides essential exercises for the diatonic harmonica—movement patterns, scales, tongue block technique drills, an exercise to help you memorize the chords of the 12 Bar Blues, your harmonica's note layout, and how to choose a note to match over a given chord, at any time, in any range of the harmonica. This book and accompanying recording is an essential text for all students of the diatonic harmonica. You'll need a C Major Diatonic Harmonica for this method. Includes access to online audio.

Includes music.
